The Instyle 700V Next, at 70 cms wide, can be build into a standard chimney or combined with a classic fire surround and hearth. A special feature of this inset wood stove is the optional fan-assisted ventilation, which electrically enhances the heating power of the fire. Furthermore, it has DEFRA approval for use in UK smokeless zones.

This stylish inset wood fire is available with a 'Classic Line' or 'Build-in' frame.

Optional external air feed kit available.
