

Hergom Glance Freestanding Wood Burner Stove

<https://www.calonyradref.co.uk/hergom-glance-freestanding-wood-burner-stove>

The innovative design of the Freestanding Glance is truly something to behold; it has channels carved out of its rugged, cast iron body that act to define the entire stove. This combined with ceramic glass on the sides, as well as at the front of this stove, it is possible to see flames dancing through the cast iron structure of the Glance. The distinctive aesthetics of the Glance make it an undisputed focal point in any room.

This stove is now Ecodesign ready, and adheres to all of the current specifications for the new Clear Air legislation coming into effect in 2022.

The combustion technology incorporated into this stove is also outstanding. The Hergóm Glance is a must-have stove for any contemporary home.

Available with Top or Rear Exit.
