The innovative design of the NEW Freestanding Glance Wide has been recognised by the Hearth & Home Awards in 2018 and the WINNER of the Best stove over 5kW.

The beautifully finished Glance wide has a ribbed cast iron external body; this distinctive features is also practical as it increases the surface area to enable good heat distribution. The Glance wide stove is an undisputed, contemporary focal point in any room. This combined with ceramic glass on the sides, as well as at the front of this stove, it is possible to see flames dancing through the cast iron, side panels.

The combustion technology incorporated into this stove is also outstanding. The Hergóm Glance Large is a must-have stove for any contemporary home.
