

# Hergom E-30 M EcoDesign Wood Burner Stove

<https://www.calonyradref.co.uk/hergom-e30-m-closed-combustion-ecodesign-wood-burner-stove>

The combination of a balanced design and optimised combustion technology make the E-30 M a high quality and efficient stove. Beautifully crafted out of robust, cast iron, including the white internal plates, these stoves gently emit heat into the room and continue to do so even after the fire has gone out.

This stove is now EcoDesign ready, and adheres to all of the current specifications for the new Clear Air legislation coming into effect in 2022.

The E-30 M also comes with a closed combustion adaptor as standard; this enables external air to be fed directly into the combustion chamber.
