The Stanford 140 (also known as the Stanford 12) offers the same classic design as the Stanford 80, just with more power and so makes this stove more suited to larger rooms.

This also leads to the glass front being larger than the Stanford 80 (also known as the Stanford 9), thus making the view of the fire even better.

The durable, cast iron construction means that you will be able to enjoy this stove for many years to come.

Constructed from cast iron, with cast iron internal panels.

Suitable for burning wood and smokeless coal.

Fitted with useful side loading door.
