

Clock Brocksford Cylindrical Wood Burning Stove

<https://www.calonyradref.co.uk/clock-brocksford-cs5-cylindrical-wood-stove>

The Brocksford upright cylindrical style stove was Clock's first contemporary-designed woodburning stove, introduced into the market in 2019.

With its much more modern design than the strongly recognised and beloved classic Clock design, this is definitely a strong contender for anyone looking for the warmth and ambience of a real wood burner, but with the clean lines and elegance of contemporary design principles.
