

Westfire Uniq 45 Ecodesign Wood Stove on Log Store

<https://www.calonyradref.co.uk/westfire-uniq-45-ecodesign-wood-stove-on-log-store>

This wood burning stove with log store is the new and improved Ecodesign version of the Uniq 18.

The Uniq 45 not only comes with a convenient log store for easy re-loading, and brings the fire to eye level for an enjoyable viewing experience. Being a convection stove, the wood burner is naturally cooler than a radiant stove, making it ideal for open plan living.

The Westfire Uniq 45 is a fine example of Westfire's attention to detail and the way in which they incorporate modern with traditional. The stove is beautifully and carefully designed to bring a modern feel to the most traditional fireplace.
