

ACR Malvern II Slim Traditional Multifuel Stove

<https://www.calonyradref.co.uk/acr-malvern-ii-slim-multifuel-stove>

The Malvern II has a 5Kw output and is equipped with a powerful airwash to help keep the large glass door clean to offer superb views of the flames. Being DEFRA exempt, you can be confident about burning logs in a smoke controlled area. The Malvern II is a multifuel steel stove with cast iron door enabling you to burn logs and smokeless fuels.

The Malvern II is supplied as standard with a brushed steel door handle (a matt black handle is available as an optional extra if this is your preference)

The Malvern II is also SIA Ecodesign Ready approved meaning that it meets with the Ecodesign criteria which will become mandatory in 2022 already. This makes the Malvern II one of the most environmentally friendly stoves available with low CO & particle emissions and high efficiency.

The Malvern II is supplied with an adjustable log guard for either wood or solid fuel.

Finished in traditional matt black paint, this stove is easy to maintain.
