

Chesneys Beaumont 5WS MK3 Elegant Wood Burning Stove

<https://www.calonyradref.co.uk/chesneys-beaumont-eco-traditional-wood-burning-stove>

Introducing the MK3 model of the Beaumont 5WS wood burning stove by Chesneys; boasting both EcoDesign compliance and DEFRA approval for use in smoke control areas; Chesneys have gone above and beyond on the emissions with these stoves.

It produces minimal emissions that are **one tenth of the level that a comparable DEFRA exempt stove is permitted to produce** and has an efficiency rating of 86.4%.

This is great news as not only are you going to get this incredible efficiency level but it can also be safely and legally used in all major towns and cities throughout the UK.

With its elegant and refined appearance, the Beaumont series suits many homes from a traditionally decorated cottage to even the most sophisticated of interior design schemes.

Its design includes swept cabriole legs and a corniced top section, uniquely classical features that are not to be found in other stoves.

With stainless steel handles as standard; please note these are swapped for brass fittings when ordering the Autumn Leaf finish, to maintain the balanced look of the stove.
