

Chesneys Beaumont 4WS MK3 Elegant Wood Burning Stove

<https://www.calonyradref.co.uk/chesneys-beaumont-eco-4kw-traditional-wood-burning-stove>

This is the newer MK3 version of the Beaumont 4WS Series wood burning stove which is both EcoDesign compliant and DEFRA exempt for use in smoke control areas.

This is great news as it can be safely and legally used in all major towns and cities throughout the UK. It **produces minimal emissions that are one tenth of the level that a DEFRA exempt stove is permitted to produce** and has an efficiency rating of 85.2%.

With its elegant and refined appearance, the Beaumont series of stoves by Chesneys suits many homes from a traditionally decorated cottage to even the most sophisticated of interior design schemes.

Its design includes swept cabriole legs and a corniced top section, uniquely classical features that are not to be found in other stoves.
