

Chesneys Salisbury 5WS MK3 Wood Burning Stove

<https://www.calonyradref.co.uk/chesneys-salisbury-5ws-wood-burning-stove>

Introducing the MK3 revision of the Salisbury 5WS Series wood burning stove from Chesneys.

Not only is this stove a picture of beauty, but it's also a real showcase for efficiency and low emissions.

The stove is DEFRA exempt as standard, so is suitable for use in smoke control areas which means it can be safely and legally used in all major towns and cities throughout the UK.

But the real impactful part of its DEFRA approval is it actually produces minimal emissions that are one tenth of the level that a normal DEFRA exempt stove is permitted to produce and has an efficiency rating of over 86% - these figures are massively impressive in this industry and speaks volumes about the efforts Chesneys are going to with their forward-thinking designs.

The Salisbury range very much encompasses the style of traditional wood burning stoves. Robust and simple design aspects with a solid cast iron door, housing a large glass window that allows the fire to be enjoyed.
