

Dean Forge Dartmoor W5 Wide Eco Wood & Multifuel Stove

<https://www.calonyradref.co.uk/dean-forge-dartmoor-w5-wide-eco-wood-multifuel-stove>

The wider door on this Dartmoor W5 model achieves an excellent view of the fire, whilst maintaining a reasonably compact form factor, making it an ideal choice for smaller rooms with larger fireplaces.

The Dartmoor W5 Eco 5kw wood burning & multifuel stove, with efficient Eco 2022 performance, has been developed to allow a distance to combustibles of only 50mm to the rear**.

Dartmoor W5 Eco – Key Features

- Eco 2022 Compliant (Ecodesign)
- 5kw Nominal output
- Wider door for an excellent view of the fire
- New improved powerful Airwash system
- Supplied as a wood burner or a multi-fuel and option to convert at any time back to a multi-fuel or wood burner if required.
- Can be fitted onto a non-constructural hearth
- Only 50mm distance to combustibles to the rear when fitted with a double heat shield

and twin wall flue**

- Fitted with a rear and base protector as standard
- APPROVED for use in smoke control areas
