

Dean Forge Foxworthy Eco Wood & Multifuel Stove

<https://www.calonyradref.co.uk/dean-forge-foxworthy-high-low-eco-wood-multifuel-stove>

Available in 'high' and 'low' models, the Foxworthy stove is effectively Dean Forge's Dartmoor 5 Eco stove sat on longer legs of two different heights (both taller than the standard Dartmoor 5's short legs).

The 'low' model has 200mm legs resulting in an overall stove height of 690mm.

The 'high' model has 300mm legs resulting in an overall stove height of 790mm.

This compact robust stove with a 'spinning' primary air control to give direct control over the burning rate also features a new and improved Airwash system to keep your glass cleaner, and is approved for use in smoke control areas.

Wood burning or multi-fuel options completes a great all round specification for this superb little 5Kw stove.
