

ACR Trinity 3-Sided Contemporary Wood Burning Stove

<https://www.calonyradref.co.uk/acr-trinity-3-sided-wood-burning-stove>

The Trinity-3 ECO is a compact, 3-sided woodburning stove boasting views of the fire from both sides of the stove, as well as the front, which looks truly stunning with its distinct and stylish squared edges.

The Trinity Eco is easy to operate and has a convenient ash removal system with an anti-spill lid to prevent any ashes blowing in the wind when emptying the ashpan.

The powerful airwash keeps the door glass panel clean to give great views of the fire. It has a 5Kw output and is DEFRA exempt meaning you can burn wood in a smoke controlled zone. Being an EcoDesign stove, it is one of the cleanest stoves on the market. It has an easy to operate single air control and a convenient ash removal system with anti spill lid, making removing the ashes safe and simple.
