

ACR NEO-3C 3-Sided Cylindrical Wood Stove on Closed Logstore

<https://www.calonyradref.co.uk/acr-neo-3c-3-sided-cylinder-wood-stove-on-logstore>

With its striking closed logstore base the NEO3C-ECO is everything you would expect from a fully featured contemporary woodburning stove creating a real sense of occasion in any room.

The large glass door is kept clean by a powerful airwash system to give excellent views of the fire and as this model is also glazed on the sides, it gives a more panoramic view of the fire from almost anywhere in the room.

The NEO3C-ECO woodburning stove is **EcoDesign ready**, and also benefits from being **DEFRA exempt** allowing you to **burn wood in smoke controlled areas**.

As with all NEO stoves in the range, the ashpan slides towards you to enable the lid to be fitted and then lift the ashpan out and carry outside safe in the knowledge the ashes are safely contained and won't blow about in the wind.

There is the option to add a Direct Air supply to the NEO stoves, making them ideal for new build installations.
