

ACR Woodpecker WP5QLS Wood Stove on Log Store

<https://www.calonyradref.co.uk/acr-woodpecker-wp5qls-woodburning-stove-on-logstore>

The Woodpecker WP5QLS has a 5Kw nominal output and is designed to burn wood and smokeless fuels.

It is constructed from steel and cast iron and has a huge glass door for an amazing view of the flames and is very sleek in it's styling. This stove has the option of Direct Air making it ideal for new build installations.

Being **EcoDesign ready** means it is among some of the cleanest stoves on the UK market making it an ideal choice for sustainable heating.

Being **DEFRA exempt** means you can burn wood in smoke controlled areas.
