Featuring solid stainless steel handles to the tools, coupled with a stainless steel tool holder set on a beautiful black glass base; this fireside companion set includes the three main functional tools required for your wood burner or multifuel stove - a shovel, brush and poker.

Fireside tool sets (or 'fireside companion sets') are classically a fundamental requirement for anyone with a wood burner, multifuel stove or open fire; but they needn't be boring! This set looks visually stunning while providing the vital tools you need for your fire.

Perfect for a new stove-owner, or just as a stunning upgrade!
