

Stove & Fire Grate Polish - 170ml

<https://www.calonyradref.co.uk/stove-grate-polish-170ml>

When it comes to keeping your wood burner or multifuel stove looking great, using a purpose-made high temperature stove polish is the ideal solution.

Simply using a [suitable lint-free cloth](#), this polish really brings the life back to tired looking stoves which have dulled or are beginning to lose their finish.

Note this is a black polish suitable for steel and cast stoves, so would not be suitable for enamelled wood burners or stoves with decorative colours.
