As you will see from the photos displayed, the firebox itself is a stand-alone unit fitted within the fireplace; the surround then is added in after as the decorative piece to finish off the whole setup, resulting in a modern-day convenient solution to an open fire.

Please note, the dimensions given are for the firebox unit itself, which needs to be fitted within the fireplace.

- Realistic flame effect with a choice of four flame colours
- Glowing ember fuel bed, with 5 brightness settings
- Realistic crackling log fire sound effects
- All fires are supplied with ultra-realistic hand-painted logs and coal crystals as standard
- Choice of 13 different fuel bed colours
- LED technology means low running costs

- Fully CE certified
- Remote control operated, with a 7-day timer
- Thermostat control option
- Heat output range: 750 – 1500W
- Semi-mirrored side panels (design registered)
- Suitable for other similar cast iron inserts.
