

Hergom Glow 3-Sided Wall-Mounted Wood Burning Stove

<https://www.calonyradref.co.uk/hergom-glow-3-sided-wood-stove-wall-mounted>

For those who like something a little different; the Hergom Glow can also be wall mounted, keeping the floor space clear beneath the stove for a minimalist look, or indeed allowing for any number of possibilities for bespoke log storage beneath.

Designed to deliver consistent, efficient heat, the Hergom Glow ensures your space remains warm and inviting throughout the colder months, and with this model featuring the tall legs allowing for log storage underneath, you can have your logs ready at hand for convenient refuelling - perfect for homes where the practicality of a separate internal log store may be difficult or space-restricted.

The sleek lines and large glass front provide a captivating view of the radiant flames, making every fire a mesmerising experience. With its combination of classic charm and modern efficiency, this stove enhances your home's aesthetic while offering unmatched comfort. Elevate your living environment with the Hergom Glow Logstore, where timeless design meets everyday practicality.

Featuring a powerful airwash system to help keep the glass clean, as well as a direct air feed connection (if needed) and being suitable for a superficial 12mm hearth; this stove lends itself

superbly well to modern new-build properties and older buildings alike.

The Glow is available as a base-mount or wall-mount option, as well as being offered on a sleek pedestal base, or with a choice of a base log-box or tall legged log storage solution. See Related Products below for these other options within the range.
