

Hunter Herald 14B Eco Double Door Wood Burning Boiler Stove

<https://www.calonyradref.co.uk/hunter-herald-14b-eco-double-door-back-boiler-stove>

The Herald 14, the largest in the new Herald range, is now available with a back-boiler addition, making it the '14B', and allowing you to gain the advantage of heating water for radiators or a hot water system tank.

The Hunter Herald 14-B offers a substantial heat output and features the same timeless, traditional double door design of the 14, borrowed from the ever-popular [Herald 8](#) but sized-up - an ideal choice for larger rooms.

The double-door setup also minimises the swing space of the door, minimising the need for excessive hearth clearance.

Its robust construction and efficient performance make it a reliable choice for enduring warmth and comfort, whilst its traditional yet striking presence enhances spaces with a timeless charm.

Benefit from advanced heating technology as the Herald 14 comes equipped with CleanBurn technology ensuring the glass remains clear and clean. It boasts an incredible 8-15kW heat output range with an outstanding efficiency rating of 75%, ensuring that you receive optimal warmth with reduced fuel consumption.

Based on Hunter's most successful stove, the Herald 8 - this bulked up version really packs a punch!
