Prostyle fires have screen-printed glass that conceals the metal frames. The Prostyle 650 is designed for a standard chimney. It can be used as a simple wood fire insert. It can also be combined with a standard or panoramic frame or even with a classic fire surround and hearth to create a more traditional log fireplace.

This stylish insert wood fire is available with a selection of frames, including: Classic Line, Modern Line or Slim line.

The 'Build-in frame' is available as a 3mm frame as well as an 8mm frame.

Optional external air feed kit available.
